

I came home and I had to wait outside my Apt. cause I didn't have the key the front door key and my Baby Mother came home with another ~~man~~ man and we started to argue and then the man she was with started to argue with me ~~also~~ and then I went upstairs and he called my house phone saying that he and a couple of other people were waiting for me outside my door but it wasn't, it was the police. But they didn't say ~~anything~~ anything for about 10 minutes that's why I didn't open the door because I thought it was the other guy at the door.

the cop's found a gun in my house but I told them where it was and I got the gun from my uncle who is dead and the reason I had the gun is because they were gonna shut down his old Apt so I took some of his belongings I don't know why I had this gun cause I'm not that type of person
